Re: Ms Seen Yan Charlotte Pun
DOB: 09/05/1986

I am the attending obstetrician for Charlotte who is expecting her first baby on 23rd September. She is currently 31 weeks pregnant.

Charlotte has significant medical concerns such that I have advised her to stop work by 31 July at 32 weeks and 2 days gestation. Please do not hesitate to contact me if you have any queries in this regard.
